What are your options?

FUEL CARD RANGE

Convenient refuelling for multi fuel fleets throughout the UK, access national networks of fuel stations and electric vehicle charging points

HOW WE WORK

PROVIDING THE RIGHT SOLUTION TO FUEL YOUR BUSINESS

We offer a fuel card solution based on your fleet needs; we will look at how your fleet operates to make sure we provide you with the most suitable fuel card. That means understanding which fuel card networks are best for your drivers based on the routes they take.

To help your drivers use their new fuel cards you will be assigned a dedicated account manager. Their role is to highlight the nearest filling stations along their regular routes, explain how our mobile app works and provide ongoing support.

UNDERSTANDING YOUR BUSINESS

We take the time to understand your business, so your fleet solution fits you

DEDICATED ACCOUNT MANAGER

You'll have a dedicated account manager, so you always know who to call

ONGOING RELATIONSHIP

We want to build strong, long-lasting relationships based on exceptional service

If you're not using a fuel card...

LESS ADMIN

Use our online portal to access all transaction reports and control sundry purchases. You can link reports directly to your expenses system and VAT register.

SAFE AND SECURE

Cards can be allocated by driver or by vehicle, with specific limits or even restrictions on products that can be purchased – putting you in control of your fleet's expenses.

REDUCING FUEL COSTS

Access competitively priced fuel with a Silvey Fleet fuel card. With no additional handling fees, we can help keep your fuel costs down.

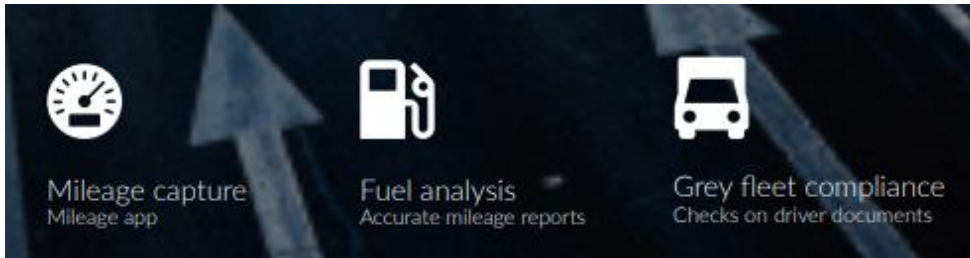

NO HIDDEN CHARGES

Across our 5 networks we have no hidden costs. There is no minimum draw and no card replacement fees.

If you are already using a fuel card...
